

CE conformity Declaration

In accordance with CE directives

Product declaration object: Shower Panels composed by one or more panels and/or doors delimiting an area for water containment finalised to shower use. In Italy these panels are commonly referred as "shower enclosures" and "bath screens" in their various shapes.

Product lines: Trendy, Classic, EasyLife

SAMO S.p.A. declares herewith that all the shower panels has been designed and manufactured in conformity with the **European Directive 89/106/CEE** (Construction Products) and following modifications introduced by the **European Directive 93/68/CEE**

Moreover **SAMO S.p.A.** declares that, to respect the above mentioned Directives, is applied the following Harmonised Norm:

EN14428:2008

(Shower Panels – functional requirements and testing methods).

Notes:

This conformity declaration is no more valid in case that, without Samo S.p.A.'s official authorization, the product is:

- modified, integrated or somehow changed, so that it is different from the original product;
- is not installed in accordance with Samo assembly instructions
